WINES & VINEYARDS

2019 PINK PRIDE ROSÉ ALEXANDER VALLEY

HARVEST & WINEMAKING NOTES

With the 2019 harvest we were blessed with a mild, even-growing season with excellent fruit set. Generous rainfall in May and perfect yields gave us the opportunity to dial in the flavor profiles, acidity and ripeness of our individual blocks and varietals. This expression of an estate-grown, Alexander Valley Cabernet-based rosé wine was inspired by the bright, fruit-driven rosés from the Bordeaux region in France. We love its freshness and how it so beautifully expresses our unique loamy soils.

Our Pink Pride Estate Grown Rosé is from one of our younger Cabernet Sauvignon blocks that was ideally harvested the third week in September. The juice had skin contact time in the press, before pressing in order to extract more flavor and color. We fermented in stainless steel drums with a cultured yeast strain to enhance delicate fresh fruit aromas and flavors.

TASTING NOTES

In the glass the wine is a delicate ballet pink color with hints of fuchsia. The nose is extremely aromatic and has a pleasing mélange of wild strawberry, guava and red currant. This is a dry and pleasantly fruity rosé that is well balanced and refreshing. Flavors of strawberries, dragon fruit and tart Santa Rosa plums meld beautifully. Although this is the ultimate warm weather party wine that tastes delicious on its own, it pairs beautifully with baguette and burrata, vegetable terrine, composed salads with olives and feta, paté and charcuterie, light pasta and rice-based dishes, garlicky grilled fish or lobster.

TECHNICAL NOTES

| | |
|---------------|---|
| AVA | Alexander Valley, Sonoma County |
| BLEND | 100% Cabernet Sauvignon |
| ALCOHOL | 13.6% |
| TOTAL ACIDITY | 0.6g/mL |
| PH | 3.37 |
| AGING | Fermented in stainless-steel |
| BOTTLING DATE | August 2020 |
| CASES | 100 |
| BOTTLE PRICE | \$22 |
| ESTATE | Demeter Certified Biodynamic Eco Terreno is an LGBTQ+ owned winery |
