

**ECO TERRENO**  
WINES & VINEYARDS

**STEPHANIE JORDESON**  
**ASSISTANT WINEMAKER**

Stephanie is the Assistant Winemaker for Eco Terreno. She studied Wine and Viticulture at Cal Poly in San Luis Obispo and graduated with a BS in Enology along with a minor in Agricultural Business.

Truly passionate about the industry, she has spent time working in the vineyards, laboratory, cellar, tasting rooms, and restaurants. She has worked international harvests and can never seem to stop wanting to learn more. As our assistant winemaker, she works closely with our winemaker/owner as well as our vineyard manager to ensure the grapes and wine are made in the highest quality way, all while maintaining the integrity of our Biodynamic vineyards and practices.

In her free time, Stephanie enjoys hiking, baking, golfing, and spending time with her family and friends. She will always look for the reusable option when it comes to convenience products, and you can guarantee that she will always take and eat all her leftovers. "Waste not, want not. Support local and sustainable. These are some of my favorite mottos to live by. I am honored to work for a company that has philosophies similar to my own. I am passionate about our biodynamics and our efforts to protect and respect the earth, and even more excited about the reflected quality in the wines we create."
